## **Corporate Support Program**

ACMEGS is a non-profit 501(c)6 trade association, founded in 2006 by physician-leaders committed to setting a national agenda for quality epilepsy care. ACMEGS educates public and private policymakers and regulators about appropriate patient care standards, reimbursement and medical services policies. In addition to publishing the world's first Clinical Practice Guidelines (CPGs) for MEG, the Society has a track record of working productively with private insurers nationwide.

It is the goal of ACMEGS to be increasingly essential to our colleagues in the MEG field, serving critical educational and advocacy functions. The Society is proud to list the following accomplishments to date:

- ACMEGS has been the leading force that succeeded in precipitating cardinal improvements in positive MEG86 coverage and reimbursement across the country. Assisted by the American Academy of Neurology (AAN), ACMEGS closely monitors how the new changes in health care will impact the MEG CPT codes.
- ACMEGS successfully negotiated MEG coverage with a number of large commercial insurance carriers (in excess of 125 million members) solidifying your prospects for financial success in this field.
- Our published Clinical Practice Guidelines provide expert guidance on standardizing MEG patient care across the country and provide a platform for laboratory development at new centers. They also represent a foundation for further systematic professional growth and worldwide leadership.
- ACMEGS sponsors an annual society meeting, covering scientific and economic aspects of clinical MEG in the United States as well as a CME-accredited annual Clinical MEG Course that is a great refresher for an experienced member and an educational boost for the novice.

## **Corporate Support Program**

## **Benefits of Unrestricted Grant Support**

ACMEGS accepts unrestricted grants for the general support of Society activities and initiatives. ACMEGS does not offer exhibit opportunities at its Annual Meeting nor offer the opportunity to support specific courses, meetings or programs.

All contributions to ACMEGS will be expended by the Society in any manner it deems fit and proper in support of its mission "to ensure that all individuals living in the United States who have neurological conditions receive the highest quality health care by offering magnetoencephalography that is clinically diagnostic and accepted by insurance providers."

In appreciation of your company's support of ACMEGS, the Society is pleased to provide the following:

## \*ACMEGS Industry Advisory Panel

The ACMEGS Industry Advisory Panel will meet annually as part of the ACMEGS Annual Meeting. Supporters at the Platinum Level will be invited to send up to two (2) representatives each to meet with ACMEGS leaders to discuss the state of the industry and developments that affect ACMEGS members and supporting companies alike.

## †One-time communication to ACMEGS members via e-broadcast or mailing labels

ACMEGS staff will assist supporters at the Platinum Level in distributing a single message to the ACMEGS membership either via:

- Broadcast email sent by the ACMEGS Executive Office. Supporters may send language and one small graphic, subject to ACMEGS approval, to be incorporated into the message and distributed by ACMEGS staff; OR
- Mailing labels to be used to mail a single brochure, letter, etc. The item to be mailed is subject to approval by ACMEGS. The labels may not be reproduced, stored or otherwise distributed, in part or in whole, to parties beyond those expressed named below. Any unused portions must be destroyed immediately. Mailing lists are not available in electronic format.
